Tony Seruga Yolanda Seruga

CEO
Newport Beach, California, United States

Summary

Tony Seruga Yolanda Seruga business start up expert. Tony Seruga Yolanda Seruga internet marketing expert.Tony's unique ability to create successful Internet ventures has captured the attention and respect of Fortune 500 CEOs, entrepreneurs, best-selling authors, Internet "gurus" and marketing experts alike. In fact, if the truth be known, many marketing consultants would acknowledge Tony as their "secret weapon."
Tony's companies earn millions of dollars each year. However, his most passionate interest is in creating small to medium- sized Internet businesses, and, more recently, as the co-founder and CEO of Digital Mavericks, Inc. in Silicon Valley and Irvine, California, Tony has joined with his wife and business partner, co-founder and president Yolanda Seruga, to help aspiring entrepreneurs, authors, speakers, publishers, and information marketers (many of whom cannot afford his $7,500 per hour consulting fees) make a full-time living on the Web by providing them with nuts and bolts tactics using traditional direct-response marketing methods, and adapting them and super-charging them for high performance on the Internet. Whenever Tony or Yolanda speaks, you'll want to pay close attention because they'll give you the strategies and techniques that will catapult you into the big leagues. If you are serious about online marketing, their knowledge and expertise are must-have commodities.
